*Following the awards ceremony, Sweetwater challenged their original score (1754 pts) as it turned out, one of the Marines figuring the scores made a 50 pt error on there, bumping their score to first place by 1 (Sweetwater 1804, El Camino 1803) after a slightly heated debate between the two JROTC instructors, we decided the best course of action to finalize this was to add the alternate's score to the tally, which placed El Camino at first place by 100 pts. Both instructors decided that was fair and the issue was resolved.

Please let me know if there is anything else you need from me sir, thank you.
